To Whom It May Concern:

It is with great pleasure that I recommend Loretta Sanford as a presenter for any organization that has a desire to employ a professional, adaptable and timely facilitator. Loretta's skill was brought to my attention when she held a presentation during an AFSCME eboard meeting, and when our professional development committee decided to have a Professional Development Day I researched the classes Loretta was offering online and gave her a call.

I found Loretta to be very accommodating to our needs, the information for the classes she taught were timely and relevant to our workforce, who is very diverse, and each class incorporated members of Unit I and Unit II employees. There was an almost 95% attendance to the classes Loretta taught, and each employee indicated how much they enjoyed the sessions, and were able to take something back with them.

Loretta was able to accommodate intense Professional Development Days, each back to back day beginning at 8am and ending at 7pm. For each session Loretta was upbeat, professional, and enthusiastic. Loretta was able to put together this program to accommodate our Unit I and II employees who work various shifts on campus. Each session had something to interest and educate each of our members. Her rates were highly competitive, and the product was top quality. I would have Loretta present on this campus again as she was very effective and we thoroughly enjoyed having her present for us.

Loretta would be an asset to any endeavor she attempts, and I am happy to give her my wholehearted endorsement. If you have any questions, please contact me at 508-678-2811 x2458.
