

The State of New Hampshire
DEPARTMENT OF ENVIRONMENTAL SERVICES

Thomas S. Burack, Commissioner

July 30, 2009

To Whom It May Concern:

I would like to provide a reference for the safety training conducted by 7 Generations, Inc. for the NH Department of Environmental Services. Loretta Marino Sanford customized safety training for the approximately 70 employees of the Air Resources Division (ARD). She developed several modules including: conducting audits of manufacturing facilities stack testing, landfill monitoring, physical hazards, biological hazards and threat of violence. The training was customized to specific ARD applications and needs. It was very informative, creative, and had a high impact with the employees.

In addition, Ms. Sanford met our budgetary constraints by billing at a rate of \$75 per hour and meeting the total budget and project schedule.

She is a superb trainer with a creative flare that keeps her audience engaged. I highly recommend her services. Please feel free to call me at 603-455-5359 if you need additional information.

Sincerely,

Joanne Morin
Administrator III
Air Resources Division
